N°8 - OCTOBER 09

HOME

A year ago we launched leather placemats and called it a home collection. By the end of this month, there will be a proper HOME collection containing 10 groups of products. Points of sale will be revealed soon; in the meanwhile you can page through the online catalogue.

2 HOUSES

Inspired by the fact that we both live in ordinary houses, Jan De Vylder Architecten created two leather houses that will be on show in the Verheyden-Vereecke Gallery until the end of this year. www.jandevylderarchitecten.com, www.michaelverheyden.com

Together with Brussels graphic design studio Woutwalt, Michaël Verheyden developed a fine leather belt. Something special for the youngest fans. www.woutwalt.be
