DONUM ANTWERP

Donum, the best place for design in Belgium, will be opening a second shop mid March. Their shop in Hasselt is situated in an old post office since 2000. For their second shop, in Antwerp, they have chosen for an old monastery at Hopland 47, one of the most fancy neighbourhoods where all luxury brands have their flagshipstore. Donum sells the most complete selection of the Michaël Verheyden collection. www.donum.be

DEUX MILLE SIX

Geoffrey Brusatto invited Saartje Vereecke to make collages for his annual new years gift. The result is a very fragile and warm pocket diary for 2006. Because it is ment as a gift, and not for sale, the first 10 readers who reply on the newsletter will receive this calendar. www.geoffreybrusatto.be

Michaël Verheyden and his team wishes you a joyful 2006.

WERKMANNEN ONLINE

The new website of the graphic designers and webmasters Werkmannen is now online. They designed also the new campaign for the Zamu awards in February, rewarded to Belgian Musicians. www.werkmannen.be www.zamu-awards.be

ECHT DESIGN

"Echt" means "real" in Dutch, and that's where this brand new design office stands for. Smart ideas for everyday objects designed by Hanne Put and Wim Buts. They already have a porcelain tile "chain" produced by Sphinx Tiles and made a very playful tablecloth for a summer party. All this is still to see at Z33 (Hasselt/Belgium) until the 12th of February. www.echtdesign.be www.z33.be
